Affecting Factors in Rural Entrepreneurship (Case Study: Rural Areas of Minodasht County)  
Ramazan Toosi, Alireza Jamshidi, Ahmad Taghdisi

The Assessment of Quality of Living Environment in Rural Areas from Residents' Views (Case Study: Miandeh Dehestan in Fasa County)  
Hamid Barghi, Hamzeh Rahimi, Mohammad Reza Boshaq, Mohammad Nouri

Assessing Organic and Non-organic Model of Rural-urban Relations at Surrounding Villages (Case Study: Surrounding Villages of Babol City)  
Mahdi Pourtaheri, Abdolreza Roknedin-Eftekhari, Leila Mahdipour-Roshan, Elahe Anzaei

Identifying Factors Affecting the Rural Women's Participation in Educational-extension Programs of the Jihad-Agriculture Service Centers (Case Study: Amol County)  
Amir Ahmadpour, Mastaneh Alizadeh, Hadi Moumeni-helali

Analysis of the Health Status of Housing in Forest-mountain Villages and its Affecting Factors in the Eastern Region of Bandpey in Babol County  
Mojtaba Ghadiri Masum, Naser Aligholizadeh Firozjaei, Morteza Mehralitabar Firozjaie

Measurement and Evaluation of Quality of Life Components in Villages of Karasf Dehestan of Khodabandeh County  
Mohammadamin Khorasani, Mehdi Hajiloo, Zeynab Valizade

An Analysis of the Effects of Guiding Plan on the Improvement of Quality of Life in Villages of Central District in Rasht County  
Maryam Alineghipour, Eisa Pourramzan

The Role of Management in Rural Development to Cope with Earthquake Hazards (Case study: Zaghe Dehestan in Khoramabad County)  
Ahmad Roumyani, Jamshid Eynali, Heydar Salehi-Mishani

Rural Women's Empowerment in Improving Household Food Security in the Divandarreh County  
Moslem Savari, Hosien Shabanali Fami, Zhila Daneshvar Ameri

Survey of Local Revenues in Annual Funding Dehuries and Factors Affecting it (Case Study: North Khorasan Province)  
Aliakbar Anabestani, Ali Ghorbani
In the Name of Allah
**Author Guidelines**

To prevent delays in publication, authors should follow these guidelines:

1. The submitted article should not have been published in any local or foreign publications or foreign collection of articles.
2. Farsi articles should be typed in narrow NAZANIN font size 12 and English articles should be typed in narrow TIMES NEW ROMAN size 11 in Microsoft Word format. Articles should be printed on A4 papers (with 3 centimeters spacing from top, 2 cm from below, 2 cm from right and 2 cm from left). Line spacing should be single.
3. The size of the article should not exceed approximately 12500 words or at most 20 printed pages of the size of the publication and at least 15 pages (including tables, figures, abstract and sources list).
4. For Farsi articles, the title including word spacing shouldn't exceed 60 words.
5. For English articles, the author's name and author's scientific or professional title should be typed below the title of the article. Moreover, the Email address and telephone number of the corresponding author should be mentioned as footnote.
6. Figures and Charts in the article must be original and have a high quality. The original file of the figures should be sent in Excel, Word or PDF format with a resolution of 600 dpi. The font size, especially for curves (legend), should be big enough to be legible after the sizes are decreased for printing.
7. The structure of the article includes the following elements:
   1. Title page: in the identification page, title of the article, name and surname of the author(s), scientific rank, full address (postal code, telephone and fax numbers and email address), location of the research, person in charge for the article and date of sending the article should be mentioned. Corresponding author's name should be specified with a star mark.
   2. Abstract: includes both Construction Farsi and English abstracts (include: Purpose, Methodology, Finding, Practical implications, Original/value) of the article and keywords (3 to 6 words). The Farsi abstract should not exceed 300 words and should give a summary of the introduction, method of the research, findings and conclusion. In order for the publication to be indexed in international information banks, the English abstract needs to have 750 to 1000 words and include introduction, theoretical bases, methodology, discussion, conclusion, suggestions and reference in a way that could be published individually.
   3. Introduction: includes background information, necessity of doing the research, unanswered questions about topics of the article and purpose of the research and the method of article for answering them.
   4. A review on the language of the topic: includes scientific descriptions, latest theories and scientific discussions related to the article's topic, viewpoints of the connoisseurs and finally a conceptive model for the research.
   5. Methodology of the research: includes designing the research, time and place of doing the research, samples under study, sampling method, and process of gathering data, measurement tools and methods of quantity and quality analysis.
   6. Findings: presenting precise results of important findings according to scientific principles and using the required tables and charts.
   7. Discussion and conclusion: includes the effects and the importance of the findings of the research and those of similar researches emphasizing on the differences between them and the reasons for those differences, explains the article's potential to be universal and the scientific usage of the findings and presents necessary guidelines for continuing relative researches, conclusion, possible suggestions and recommendations.
8. Sources: the sources relied on should be mentioned both in the text and in the end of the article.
8-I. References in the body of the article should be mentioned in parenthesis (APA) with author or authors' name(s), year of the publication and page respectively. Reference to published works should be mentioned in the original language (Persian or English).
   For example: (woods, 2005, p.27).
8-2. In the end of the article, the sources used in the text should be presented in alphabetical order of the authors' surnames as below:
   **Sample:**
9. Quotations: quoting from the content of the sources should be specified with narrow characters and common punctuations and the names of the owners of the works, date and page numbers of the sources should be given immediately after in parenthesis.
10. Articles extracted from students' thesis would be published under the names of the supervisors, advisors and students and under the supervisors' responsibility.
11. If an institute is in charge of the costs of the research or writing the article, the name of that institute should be mentioned in the first page.
12. The publication maintains the right to accept or reject and also edit the article and submitted articles will not be returned. The original copy of the rejected or withdrawn articles will be discarded from the publication's archive after 3 months and the Research and Rural Planning Journal will not be responsible for them.
13. In order to submit an article, the esteemed author(s) should visit the publication Website of Ferdowsi University of Mashhad, http://jrrp.um.ac.ir/ and send their articles after registration following the instructions given.
